

Students' area

New procedure for creating an account

1. Start from the [Compilatio](#) homepage, then click on the “Are you students?” button;

2. Click on “Try out Compilatio’s Studium”;

3. Create the account by filling out the fields with your personal information, using only your institutional e-mail address and a personal password, and clicking on the “Register now” button;

The image shows the 'Create a Studium account' registration form. It has a title 'Create a Studium account' and five input fields: 'Your first name*', 'Your last name*', 'Your email address*', 'Your password*', and 'Confirm your password*'. Below the fields are validation messages: 'X 8 characters minimum', '✓ 100 characters maximum', 'X 1 upper case', 'X 1 lower case', 'X 1 number', 'X 1 special character', and 'X Passwords should match'. At the bottom, there is a note: 'In accordance with the informational notice on the protection of personal data for processing related to "Tracking your interests about plagiarism prevention".' There are two buttons: 'Cancel' and 'Register now' (highlighted with a green arrow). At the very bottom, it says 'To prevent spam, this site is protected by the Google reCAPTCHA tool. The Privacy Policy and Terms of Service of Google apply.'

4. Wait for a confirmation e-mail, which will be sent from: noreply@compilatio.net

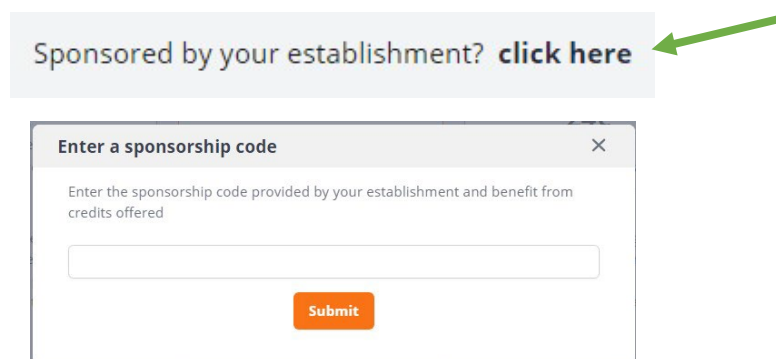

5. As soon as your account has been activated, you will be shown the general terms of use for Compilatio, and once you accept them you will manage to access your folder

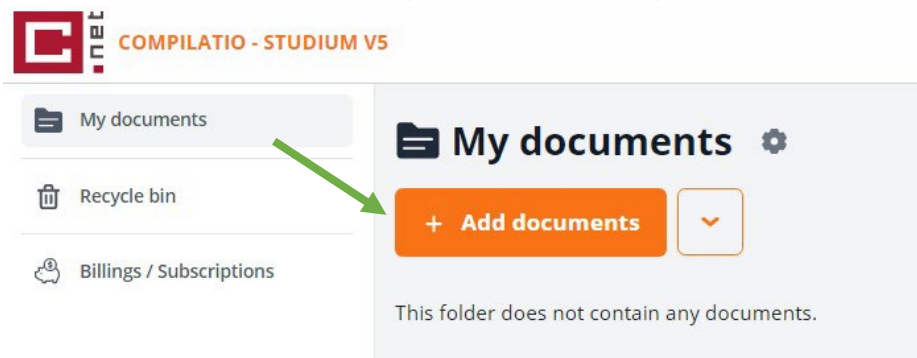

6. By clicking on “Buy credits” in the top-right corner of the screen, you will be able to take advantage of the free credits made available by the University.

7. Click on the “Sponsored by your Institution” link in the center of the page, where you will have to type the promotional code you received via e-mail from the anti-plagiarism system.

8. You can ask for the promotional code sending an e-mail to antiplagio@unipv.it

9. Once your file has loaded, the program will show the number of credits needed to analyze your document.

Please take note that the promotional code linked to the account you created enables each student enrolled at the University of Pavia the free analysis of 40 pages (250 maximum words for 1 page), starting from the activation date.

Those who have already used the Studium Compilatio service, by entering the code we sent on October 5, 2022, and have not used up all the available credits, before activating the new promotional code can still use the active account until it runs out.

Those who access the Studium Compilatio service for the first time or have to renew their account because no more credits are available, must request the new code writing to <mailto:antiplagio@unipv.it>
